Photo Facial	\$299.00	\$224.25	\$1,495.00	\$1,121.25
Facial appearance is improved by gently delivering light energy to specific areas through a special hand piece. The specific areas then absorb light energy and the production of collagen is stimulated. Collagen helps soften the fine lines and wrinkles. Photo rejuvenation can treat red flushed faces, sun damage skin, enlarged pores and hyperpigmentation.				
Microdermabrasion	\$140.00	\$105.00	\$700.00	\$525.00
A non-invasive, deep exfoliation of the skin designed to gently resurface the skin to remove the build up of excess and damaged cells, leaving a smoother, softer and even complexion.				
Glo Therapeutics Facial Peel Treatments	\$140.00	\$105.00	\$700.00	\$525.00
Hydrating	- This treatment will provide dry and sensitive skin with the moisture balance it needs. Within a couple of days, your skin will look and feel smooth, supple and radiant.			
Anti-Wrinkle	- This treatment will reduce fine lines and wrinkles while giving your skin the natural glow, firmness and radiance it deserves.			
Ance Prevention	- This is a deep cleansing treatment to destroy breakout-causing bacteria, exfoliate clogged pores and protect skin against environmental damage.			
Pigmentation	- This treatment introduces enzyme inhibiting ingredients to regulate the production of melanin, thus lightening pigmented areas and creating an even complexion.
